

## **Will you offer your home to Luke?**

**Luke is a 13 year old Caucasian male. He has a good sense of humor, enjoys being outside and loves to play sports, especially soccer and basketball. Luke has a particular love of music. He likes to sing and dance and participates in the school choir.**

**Luke needs a family who is active, as he likes to be kept busy. He could benefit from structure as his multi-tasking sometimes gets in his way.**

**Luke has a relationship with his biological mother but can no longer live with her. He is in need of a loving and caring home and someone who is willing to help him feel secure. Luke also needs someone who will help him stay connected to his mother.**

**If you are interested in Luke,  
or becoming a foster parent to a child in need,  
please call Elaine at 203-389-5599 ext. 115.**
